## Fall Memories That Matter Scrapbooking Retreat Speaker

Captivating her audiences and leaving them speechless is the trademark of Sue Thomas. Profoundly deaf since the age of 18 months, Sue spent years with therapists to develop her voice and in the process became an expert lip-reader in order to

communicate with the hearing world around her. It was in 1985 that the Lord began to point her on an amazing journey; a journey she would not have chosen as it would rest on her greatest weakness, the one which caused her many childhood scars through laughter and ridicule. That journey as a professional public speaker came with her total surrender at the foot of the Cross and of giving back to Him the gift of her voice. Her humor is contagious and her stories are compelling. In 2002 her speaking platform went international with the release of the TV series, SUE THOMAS: FBEYE. Inspired by her unique job at the FBI headquarters in Washington, DC, doing undercover surveillance by lip-reading, the weekly drama helps to bring more awareness to the lives of those with physical challenges. Sue says, "I have had but one desire; to go forth to every nation and to stand before all generations, to proclaim the love and forgiveness of God, through His Son, Jesus Christ." And with that exuberant twinkle in her eye, she adds, "And He can even use the FBI if He wants to!"

# Scrapbooks & Stamps

The purpose of Singing Hills is to promote Christ through camps, conferences, and retreats. Now entering it's sixth year, our biannual "Memories that Matter" retreat has become the paper crafting place to be for Christian women from all over New England. Our Faith Crafting events offer rich spiritual truths based on the Bible, presented by gifted speakers. Combine that with a bit of pampering, great food and fun, and many precious hours of scrapbooking or stamping, and it is the perfect opportunity to get those projects done! This three day event has an early arrival time that many women take advantage of.

Here are a few specific things you will enjoy at a "Memories that Matter" event:

- Great meals and snacks are included in the affordable cost
- Your own dedicated cropping area for the weekend
- Pampering possibilities are provided by a cosmetic vendor, and a massage therapist who offers casual chair massage
- Scrapbook and stamping vendors offer a wide variety of craft basics, kits and trendy supplies
- Class opportunities will help beginners to experts learn new techniques from qualified teachers
- Rubber stamping has become huge at our retreats, offering great scrapbooking and stamping project ideas
