

Remember,
NEVER hike
alone or
without
telling
someone
where you are
going.

The Primary Trail that branches off into the Green, Blue, Red, and Yellow Trails comes very close to a private road called the Columbus Jordan Road. Sometimes guests accidentally walk on this road instead of staying on our trails. If you end up on this road you will want to turn around and make your way back to the Primary Trail or risk getting lost.

Trail Map

All trail distances are from the Trail Head and back again having followed the Orchard Road in the end. The Pond Trail is the shortest and easiest of all the trails, while the Yellow Trail is the hardest and longest. The Green, Blue, and Red Trails vary in distance but are of a similar difficulty.
