Personal Retreats

Singing Hills would like to extend the opportunity for a short term individual or family retreat, depending on space availability. We gladly accept your donations but do not charge for these retreats. They may only be booked within 30 days of the desired date. We do not book personal retreats during the months of July and August. A family retreat is defined as Mom, Dad and their children (not extended family relatives). Family reunions and other gatherings must be booked as a group retreat at group rates.
