

# Archery Tag®

"It's A Hit!"

## Rental Options

### 1 Group Rate

Your group may reserve Archery Tag for 2 hours at a rate of \$120. There is a maximum of 12 players playing at a time, however your entire group may utilize the game during that time frame by rotating players in and out.

### 2 Individual Rate

Individuals may sign up during a designated time to play each other at a rate of \$10 per person (maximum playtime per person is 2 hours). If more than 12 players are interested, players will rotate in and out.

Archery Tag is played similar to dodgeball with our bows and patented foam-tipped arrows. Two teams consisting of 6 players each are separated by a "safe zone." Each team also has what we call a "5-Spot Knockout Target."

### There are 2 Objectives:

- 1 Hit the opponents to knock them out
- 2 Knock out the five discs of the opposing team's target

You eliminate a player by hitting him or her with an arrow, or by catching his or her arrow. The 5-Spot Targets work to "save a life" of one of the players. A "hit" player can be called back into the game when a target spot is knocked out or when a teammate catches an arrow.

*\*Unlike some other sports, the only safety equipment required to play Archery Tag is a face mask. Players experience virtually no pain when hit with our Archery Tag arrows. Archery Tag arrows should be used only with Archery Tag bows, and will in no way be used in any other type of bow (compound, recurve, longbow, or crossbow, etc.)*
